

Data Mining and Cleaning

**Do you have a myriad of data points or a new CRM system?
CRT can help you resolve the complex problem of creating one,
easy-to-use file to load into your system**

Having lots of data is important

How to easily access the information is what we do for you.

- Import and create output files
- Cleaning your contact database
- Removing duplications
- Address Standardization

- Missing data elements
- Incorrect data, including typos
- Incorrect classifications
- Missing relationships

CRT can give you easy access to your information
